#### State of Wisconsin Department of Transportation

March 26, 2002

The Honorable, The Senate:

I am pleased to be able to present to you, for distribution to the Wisconsin Senate, the annual evaluation report on the Pretrial Intoxicated Driver Intervention Grant Program. The program, created by section 85.53 Wis. Stats., was established by the legislature in 1997 with the requirement that the Department study its impact and report on its findings every even-numbered year.

The Pretrial Intoxicated Driver Intervention Grant Program is intended for offenders who are arrested for their second or subsequent OWI (Operating While Intoxicated) offense. Their participation may be voluntary or court ordered, the program may support 2nd or 3rd or greater offenders, it may have exclusions for felons or may not. It is an intervention model designed to get the offender into counseling, treatment and monitoring as soon as possible after the arrest. The program is individual to each community.

As you will see in the full report, no county that has begun a program has dropped the program. Offenders who successfully completed the program were less likely than non-participants to be re-arrested for subsequent operating while intoxicated violations. Those who were re-arrested went significantly longer between arrests than non-participants. Currently there are three counties and a multi-county effort on a waiting list for funding to begin programs.

I commend those people who have dedicated themselves to making this innovative program a success. There are no “silver bullets” in eradicating intoxicated driving, but I feel this effort is a vital piece in the total transportation safety effort.

Sincerely,

GENE E. KUSSART  
Secretary
